Heeling Hands

Educate. Assist. Inspire.

Thank you all for your continued support of your #local Massage Clinic. We have a special running this summer until August 1st, 2018. Buy 2 sessions, receive 1 hour free. Inquiries available via e-mail and phone. I hope everyone had a wonderful and safe Independence Day!

Now to my healthy tips and tricks for this month's issue:

1. As unpredictable as the weather is in #PNW, walking can very much increase your body's energy and increase level of serotonin in the brain. Your body wants to move, so I encourage you to move your body purposely each day. A mini work out, stretching and walking all help our joints and muscles stay loose and healthy.
2. Keeping an essential oil roll bottle (guilty of owning 4) close by while at work, while traveling or running errands will remind you to use the oils that are able to keep your mood, pain and allergies in check. If you have any questions about essential oil please contact me at assistant4hh@gmail.com.
3. Remember to keep your water bottle close by as the higher heat level can shock your bottle! Our skin in our largest organ, so we need to keep it hydrated. #Sunblock

With gratitude, Brianna Olesen LMT, Wellness Advocate
