Why do today what you can put off ‘til tomorrow?

A doe walked out of the woods, looked back and said “I’ll never do that for two bucks again!”

A guy stormed into the doctor’s office saying “Doc! Doc! I only have 59 seconds to live!” The Dr. said “Sit down, I’ll be with you in a minute.”

One cannibal kid says to his mother “Mom, I don’t like the look in Dad’s eyes.” She said “Then start with his fingers.”

**“Cursing”**  
Waking up after a restless night, Annie turned to her husband Sam

Common sense is a flower that doesn’t grow in everyone’s garden.

and frowned.  
“I can’t believe it! All night long you kept cursing me in your sleep!” Sam replied, “Who was sleeping?”

“When I got through with him, he was all covered with blood - my blood.”  
--Jimmy Durante

**“Beef Bourguignon”**  
The newly-married husband came home from the office to find his young

wife in floods of tears.  
“Darling, whatever is the matter?” he asked. “Sweetheart,” she sobbed, “The most terrible thing has happened! I cooked my very first Beef Bourguignon for you, and I got it out of the oven to season it, and the phone rang. When I came back from answering the phone,” she sobbed again. “I found that the cat had eaten it!”  
“Don’t worry, darling,” said her husband. “Don’t cry. We can get a new cat tomorrow.”

**“Hardware Store Shopping”**  
“You just go ahead,” said the man to his wife when they got to the shopping mall. “While you’re shopping, I’ll just browse in the hardware store.”  
An hour later, she returned and saw him at the checkout counter. The clerk was ringing up the last of a pile of tools and supplies that would fill two wheelbarrows.  
“Are you buying all this?” his wife asked incredulously.  
“Well, yes,” he said, embarrassed. Then waving his arm toward the interior of the store, he added, “But look at all the stuff I’m

leaving behind.”

“I’ll bet you have to think twice before you leave your wife alone at night,” said one man to the other. “I’ll say,” replied the second. “First, I have to think up a reason for going out. Second, I have to think up why she can’t go with me.”  
No doubt about it, the new temp didn’t have a clue about computers. Since part of her job was directing calls to our technical support department, I gave her simple instructions:  
“When people call with computer problems, always ask which operating system they’re using- Windows, Macintosh or UNIX.”  
Later, she handed a technician this phone message...  
“Call immediately. Customer has problem with eunuchs.”

**“Seattle Speeder”**  
A police officer stops a woman from Seattle for speeding and asks her very nicely if he could see her license.  
She replied in a huff, “I wish you guys would get your act together. Just yesterday you take away my license and then today you expect me to show it to you!”

**“Knitting”**  
A highway patrolman pulled alongside a speeding car on the freeway. Glancing at the car, he was astounded to see that the blonde behind the wheel was knitting!  
Realizing that she was oblivious to his flashing lights and siren, the trooper cranked down his window, turned on his bullhorn and yelled, “PULL OVER!”  
“NO!” the blonde yelled back, “IT’S A SCARF!”

I had worked late, and my Labrador was so overjoyed to see me arrive home that he jumped up just as I leaned down.  
Our heads collided, and I sported an impressive shiner for several weeks.  
I had to repeat frequently to co-workers and friends how I came by it, and one day on the elevator, a secretary whom I hadn’t seen for some time looked at my black eye and exclaimed, “My goodness, what happened to you?”  
“The dog did it,” I wearily replied.  
A man standing next to us looked over at me and said knowingly, “Ahh, you must own a boxer.”

Have you ever just looked at someone and knew the wheel was turnin' but.. the hamster was dead?
